[Docket No. BTS-98-4659]

RIN 2139-AA05

Revision to Reporting Requirements for Motor Carriers of Property**AGENCY:** Bureau of Transportation Statistics, DOT.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The Bureau of Transportation Statistics (BTS) proposes to adopt new accounting and reporting provisions that would provide data for current needs while significantly reducing the annual compliance burden. This rulemaking is being conducted to implement portions of the ICC Termination Act of 1995, which transferred the motor carrier financial and operating data collection program to the Department of Transportation and made several changes to the motor carrier program. Class I motor carriers would file much shortened quarterly reports and file a simplified annual report form based largely on the current Form M-2. Class II carriers would continue filing only annually and would use the same simplified form as class I carriers. In addition, the Bureau proposes a system for considering requests for exemptions from filing and from public release of data. With this document, BTS is also withdrawing its proposal to establish a negotiated rulemaking advisory committee to assist in developing the regulations. This rulemaking action is taken on the Bureau's initiative.
